Dear Mr. Schneider:

SUBJECT: REQUEST FOR AMENDMENT OF THE FACILITY OPERATING LICENSES DPR-70
AND DPR-75 FOR SALEM GENERATING STATION, UNIT NOS. 1 AND 2

We have received your amendment request dated June 16, 1981, consisting of proposed changes to the Safety Technical Specifications involving emergency safety features actuation instrumentation system, Undervoltage Protection.

In your letter of May 12, 1981 you committed to implement the necessary design modifications during the next refueling outages. We shall withhold final action on your amendment request until you have notified us that these modifications have been completed.

If you have any questions on this matter, please contact us.

Sincerely,
Original signed by:
S. A. Varga

Dear Mr. Schneider:

SUBJECT: REQUEST FOR AMENDMENT OF THE FACILITY OPERATING LICENSES DPR-70
AND DPR-75 FOR SALEM GENERATING STATION, UNIT NOS. 1 AND 2

We have received your amendment request dated June 16, 1981, consisting of proposed changes to the Safety Technical Specifications (Appendix A) involving a section pertaining to the emergency safety features actuation instrumentation system, Undervoltage Protection. This amendment request is currently being reviewed by our staff.

We understand from discussions with members of your staff, that the subject hardware modifications are not scheduled for installation until the next refueling outage for Units 1 and 2. It is our intention, subject to the satisfactory completion of our review, to withhold final action on your amendment request until you have notified us that these modifications have been completed.

If you have any questions on this matter please contact us.

Sincerely,

Steven A. Varga, Chief
