Attention: Mr. S. A. Varga, Chief
Operating Reactors Branch 1
Division of Licensing

Gentlemen:

IN-SERVICE INSPECTION PROGRAM REQUEST FOR RELIEF
NO. 2 UNIT
SALEM NUCLEAR GENERATING STATION
DOCKET NO. 50-311

PSEG requested relief from the ASME Boiler and Pressure Vessel Code In-Service Inspection requirements for Salem Unit 1 (Docket No. 50-272) by letter, R. L. Mittl to S. A. Varga, dated July 9, 1981. The same relief is hereby requested, for Salem Unit 2.

Pursuant to the request of W. Ross, we are enclosing a check in the amount of \$4,400 for Class I and Class III amendment reviews for Salem Units 1 and 2. This payment, however, is being made under protest because it is our position that the requested relief does not come within the purview of 10 CFR 170.22.

Should you have any questions in this regard, do not hesitate to contact us.

Very truly yours,

CC: Mr. Leif Norrholm
Senior Resident Inspector
