**SUBJECT:** Formal Request for Review and Approval of Grand Gulf Nuclear Station's  
Steam Dryer's Long-term Inspection Plan and Baseline Results  
Grand Gulf Nuclear Station  
Docket No. 50-416  
License No. NPF-29

**REFERENCE:**

1. Entergy letter to NRC, Steam Dryer Visual Inspection Results for the First Two Scheduled Refueling Outages, dated June 30, 2017 (GNRO-2017/00039 Accession Number ML17186A023)
2. Entergy letter to NRC, Grand Gulf Nuclear Station (GGNS) Recommendations for Future Inspection Replacement Steam Dryer, dated October 17, 2017 (GNRO-2017/00067. Accession Number ML17290B137)

Dear Sir or Madam:

The purpose of this letter is to formally request review and approval for Grand Gulf Nuclear Station's long-term steam dryer inspection plan along with the baseline inspection results, in order to satisfy License Condition 2.C(46)(g):

*At the end of the second refueling outage following the implementation of the EPU, the licensee shall submit a long-term steam dryer inspection plan based on industry operating experience along with the baseline inspection results for NRC review and approval.*

The baseline inspection results were previously submitted via Reference 1. The inspection plan is specified in paragraphs 2.6.1 and 2.6.2 of the GEH Proprietary document 000-0125-6316-R2-P "Grand Gulf Nuclear Station (GGNS) Recommendations for Future Inspection – Replacement Steam Dryer" that was submitted to the NRC via Reference 2.

This letter contains no new commitments. If you have any questions or require additional information, please contact Douglas Neve at 601-437-2103.

Sincerely,

A handwritten signature in black ink, appearing to read "E. A. Larson", with a long horizontal flourish extending to the right.

Eric A Larson  
Site Vice President  
EAL/jw
