Catawba Nuclear Station Units 1 and 2
Docket Nos. 50-413 and 50-414
Emergency Plan, Revision 18-1 and 18-2

Enclosed for NRC Staff use is Revision 18-1 to the Catawba Nuclear Station Emergency Plan. All changes have been specifically highlighted (side-barred). This revision is effective as of March 1, 2018. Also enclosed is Revision 18-2 due to Revision 18-1 incorrectly having an issue date of January 2018 on some sections of the Catawba Nuclear Station Emergency Plan.

These revisions are being submitted in accordance with 10CFR 50.54(q) and are not a reduction in the effectiveness of the Emergency Plan. The 10CFR 50.54(q) Evaluations for Revision 18-1 are provided as Attachment 1, as are the 10CFR 50.54(q) Screens for the strictly editorial changes made in Revision 18-2.

By copy of this letter, two copies of these documents are being provided to the NRC, Region II.

If there are any questions, please contact Tom Arlow at 803-701-4027.

Sincerely,

Tom Simril
Vice President, Catawba Nuclear Station
