Dear Mr. Kniel:

Re: St. Lucie Unit No. 2
(Docket No. 50-389)
Application for Licenses
Amendment No. 45

Due to the delays which Florida Power & Light Company has experienced in securing the construction permit, the earliest and latest dates for completion of St. Lucie Unit No. 2 have slipped considerably from those indicated in our application. Based upon 62- and 80-month construction schedules, and assuming issuance of a construction permit and start of construction in June 1977, the earliest and latest completion dates should be revised to August 1982 and February 1984 respectively.

Yours very truly,

Robert E. Uhrig
Vice President
