Ms. Enid Costly, Director
Roswell Public Library
301 N. Pennsylvania Ave.
Roswell, NM 88201

SUBJECT: REQUEST FOR LIBRARY TO MAINTAIN COPY OF THE HOLTEC
INTERNATIONAL'S APPLICATION FOR THE HI-STORE CONSOLIDATED
INTERIM STORAGE FACILITY ENVIRONMENTAL REPORT
(DOCKET NUMBER: 72-1051)

Dear Ms. Costly:

The U.S. Nuclear Regulatory Commission (NRC) received a license application from Holtec International (Holtec) to construct and operate a consolidated interim storage facility for spent nuclear fuel at the Holtec site in Lea County, New Mexico. We are reaching out to the Roswell Public Library to request its assistance in establishing an information repository and maintaining reference documents at the library. The documents are associated with the NRC's environmental review of the Holtec HI-STORE license application.

As part of the review of Holtec's request, the NRC will make available to the public various documents regarding the project and the NRC staff's review process. This letter transmits a hard copy of the environmental report and a CD containing electronic files of Revisions 0, 0A and 1 to the Environmental Report. Electronic versions of these documents and the entire application are available in the NRC's Agencywide Documents Access and Management System (ADAMS), accessible via the internet at <http://www.nrc.gov/reading-rm/adams.html> using the ADAMS Accession Numbers listed in the enclosure. In addition, application materials may be accessed at the NRC webpage <https://www.nrc.gov/waste/spent-fuel-storage/cis/holtec-international.html>.

We are kindly requesting that copies of all documents be kept at the library for a period of three (3) years, if possible, for the public's use. Additional documents will be sent to you as they become available.

E. Costley
