Michael Wilbricht
2101 Horn Rapids Road
Richland, WA 99354

Dear Mr. Wilbricht,

Based upon your request in a letter dated February 6, 2018, the U.S. Nuclear Regulatory Commission (NRC) is hereby terminating the following licenses issued to AREVA Inc.:

1. XSNM3781, issued on October 27, 2017 - expires on August 31, 2019
2. XSOU8833/01, issued on December 23, 2014 - expires on December 31, 2019

The termination is effective immediately. The NRC is terminating these licenses due to the fact that they are no longer needed as their export has been completed. Additionally, the licensee's name was changed from AREVA Inc. to Framatome, and Framatome has no intention to amend the licenses to reflect the name change.

If you have any questions regarding these license terminations, please call Jane Chimood at 301-287-9225.

Sincerely,

A handwritten signature in cursive script, appearing to read "Andrea R. Jones".
