Commissioner Roberts
Commissioner Asselstine
Commissioner Bernthal

50-272

FROM: William J. Dircks
Executive Director for Operations

SUBJECT: STAFF REQUIREMENTS - BRIEFING ON STATUS OF SALEM
10:00 A.M., TUESDAY, APRIL 10, 1984, COMMISSIONERS'
CONFERENCE ROOM, D.C. OFFICE (OPEN TO PUBLIC ATTENDANCE)

Enclosed is PSE&G's April 27, 1984 submittal which includes a summary comparison of the MAC recommendations with the PSE&G Action Plan programs developed to address them. This is the fifth and remaining document you requested copies of during the April 10, 1984 briefing. The others were provided you by transmittal dated April 23, 1984. The comparison is provided as Enclosure 1 of their submittal.

PSE&G also provided (Enclosure 2) a summary comparison of a Quality Assurance Assessment performed by MAC and included in the PSE&G Action Plan. This assessment was a separate Action Plan item, unrelated to the MAC management diagnostic. The MAC referenced report on the Quality Assurance Assessment is also included in this transmittal.

Finally, in response to Commissioner Gilinsky's question of why the Commissioners were not sent the MAC diagnostic report, staff did not appreciate the extent of the Commission's interest in this report.

(Signed) William J. Dircks
