MEMORANDUM TO: Anne T. Boland, Director
Office of Enforcement

FROM: Renée M. Pedersen */RA/*
Sr. Differing Professional Views Program Manager
Office of Enforcement

SUBJECT: STUDY OF REPRISAL AND CHILLING EFFECT FOR RAISING
MISSION-RELATED CONCERNS AND DIFFERING VIEWS AT
THE NUCLEAR REGULATORY COMMISSION

This memorandum transmits the results of a study conducted by the Office of Enforcement (OE) in response to the tasking identified in the third action item in the June 9, 2016, Agency Action Plan. The focus of the study is on developing and enhancing activities that address concerns of reprisal and chilling effect for raising mission-related concerns and differing views (i.e., protected activity/protected disclosure). The study does not assess the agency's existing differing views processes or any other agency processes. The goal was to gain a better understanding of the issues and maximize potential strategies for improvements to support employee engagement and ultimately, the U.S. Nuclear Regulatory Commission (NRC) mission.
