Ron,

I have attached a letter informing NRC of CBO's cessation of production to this email. I also mailed you a copy of this letter.

I should be able to send an alternate decommission request this week. This was delayed because no one wanted to sign-off on a decommissioning schedule until deepwell 1 was functioning again.

Dave Meisbach has expressed willingness to schedule a conference call with CBO and NRC to discuss the financial assurance issues, however, he would like his legal department to be on the call and is awaiting a response from them as to their availability for the call.

Have a great day,

Walt Nelson
