Dear NRC,

I wish I had the technical knowledge to evaluate these changes, but to me they're authentic frontier gibberish. It's not your fault -- I blame myself for going to a state school.

Anyway I just wanted to let you know that despite some fierce competition, EPA's Scott Pruitt has won the Trump Administration sleaze ball of the month award. How did he pull this off? Well, he got an energy lobbyist to rent him an apartment at a laughable rate. Then he flew overseas to promote the lobbyist's client -- even though it ain't the EPA's job to market LNG. And lastly (or course) he stuck the US taxpayers for the cost of this unnecessary, overpriced trip.

Don't worry, Rick "Smart Glasses" Perry -- your turn will come!
