Attn: Deputy Director

RE: Request for renewal of Iraq Export/Import License PXB169.02

Dear Deputy Director,

Baker Hughes hereby submits this application for the renewal of the above referenced license for the export of byproduct radioactive material currently listed on the existing approved license with the ultimate consignee as South Oil Company in Iraq.

Baker Hughes requests that the NRC Office of International Programs renew the license with the same criteria established on the current license. At this time we do not request any additional locations, or quantities of the already approved radioactive material in the form of sealed sources.

All information provided on the current license regarding the end-use and conditions of use of the sources covered by this license continues to be true and correct.

As part of this renewal application, I have included the required NRC Form 7 and proof of financial payment of \$1,300.00 through the NRC website pay.gov.

Any additional information you may require or any concerns or questions you may have can be addressed by contacting me at your convenience.

Regards,

James Elrod
