Subject: draft amendment to Ross PA

Categories: WTF

Mr. Schiffer,

I have reviewed the letter and enclosures dated February 23, 18, and received in our office on February 26, 18. The draft amendment to the Ross PA, as indicated in your letter, is draft language that will reflect the consultation process under Section 106, in which there still has not been formal consultation between the State of Wyoming and all affected tribes consulting regarding the process when Wyoming becomes an Agreement State.. Therefore, I am awaiting a response from the NRC liaison as to when the meeting will occur to gain a greater understanding of how this decision will affect tribes. I will then comment on the PA once this occurs, from which I understand should be within the year.

Thanks,
