NUCLEAR REGULATORY COMMISSION**

REGION III
2443 WARRENVILLE RD. SUITE 210
LISLE, ILLINOIS 60532-4352

April 9, 2018

LICENSEE: Exelon Generation Company, LLC
FACILITY: Clinton Power Station
SUBJECT: SUMMARY OF THE MARCH 28, 2018, PUBLIC OUTREACH/OPEN HOUSE TO
DISCUSS THE NRC 2017 END-OF-CYCLE PLANT PERFORMANCE
ASSESSMENT OF CLINTON POWER STATION

On March 28, 2018, from 4:00 p.m. to 7:00 p.m. (CDT), a public outreach/open house was held by representatives of the U.S. Nuclear Regulatory Commission (NRC) to provide the public with information on the 2017 End-of-Cycle plant performance assessment of the Clinton Power Station and with general information on the NRC. The outreach was held as part of the annual Business Expo conducted by the Clinton Area Chamber of Commerce. The Expo was held at the Clinton High School and involved representatives of approximately 50 local businesses and government agencies staffing booths in the school's gymnasium. Members of the public visited the various booths as dictated by their interests.

Representatives at the NRC booth made copies of the 2017 End-of-Cycle plant performance assessment of Clinton Power Station and other information brochures and fact sheets available to the public in attendance. The NRC representatives also discussed the Clinton Power Station or the NRC, in general, with over 40 members of the public. No feedback forms were received during this open house.
