Mr. Mays,

Thank you for your offer to discuss the response you provided. Unfortunately, with the short notice provided for this meeting request, I don't readily have the availability to meet this evening or tomorrow morning (I will be out of the office tomorrow). In view of the fact that you don't intend to provide any information other than what you have already provided in your response, I don't think a call is needed at this point. But if there is a pressing matter you wish to discuss, your counsel can contact our counsel (Emily Monteith 301-415-0926 or David Cytkowski 301-287-9125) – they have indicated that at least one of them should be available.

Thanks,

From: John Mays [mailto:jmays@powertechuranium.com]

Ms. Roman,

Powertech wishes to discuss the response that was provided and make ourselves available to discuss any questions you may have on our response. Powertech would not be providing any further information other than what has already been provided.

Sincerely,

John

John M. Mays

Hi Mr. Mays,

Can you provide information concerning the specific questions you wish to discuss on the call? I would like to know this information so I can make a determination on whether or not a public meeting is needed.

Thanks,

Ms. Roman-Cuevas,

We would like to discuss with you our response, as it was provided, to the your March 16th letter. It is our understanding that such communication was requested by the board.

Can we schedule a meeting this coming Friday morning (tomorrow) to discuss. Myself and Blake Steele would be attending.

Sincerely,

John

Subject: NRC's approach to identify historic, cultural, and religious site at the Dewey-Burdock in situ-uranium recovery project

Mr. John Mays,

Attached you will find an electronic copy of the NRC's approach to identify historic, cultural, and religious site at the Dewey-Burdock in situ-uranium recovery project. A hardcopy will be provided by mail as well.

I've also attached a copy of the letter that was sent to Ms. Trina Lone Hill.

Please let me know if you have any questions. Thanks,
