**Attention: Mr. Ramamurthy Pyarilal, P.E.  
Supervising Environmental Engineer**

**Dear Mr. Pyarilal:**

**SALEM GENERATING STATION  
NJPDES PERMIT NO. NJ0005622  
OIL WATER SEPARATOR PROJECT  
TWA APPLICATION NO. 93-7504-4**

**In accordance with your April 12, 1993 letter, Public Service Electric and Gas (PSE&G) Company is providing the following signed and sealed drawings for the above-referenced Treatment Works Approval (TWA) project:**

- 1. Piping and Instrumentation Diagram**
- 2. Hydraulic Profile**
- 3. Process Flow Diagram**
- 4. South Yard Drain Inlet Drawing**
- 5. General Site Plan**

**In addition, PSE&G is providing a copy of Resolution Number 50-93 adopted by Lower Alloways Creek Township on April 6, 1993 endorsing the oil water separator project. This endorsement is being submitted in accordance with NJAC 7:14A-2.1(k)2 and Section A of Form WQM-003.**

**The April 12 letter also requires a copy of the signed and dated letter requesting endorsement of this project from the affected sewerage authority in accordance with NJAC 7:14A-2.1(k). As discussed by Mr. Jay Acharya of your staff and Mr. Patrick McCabe of PSE&G on April 14, the site of this project does not fall within the service area of any sewerage authority. As a result, no endorsement is warranted.**

The power is in your hands. **070051**

APR 30 1993

Due to the schedule required for completion of this project and the requirement to conduct an Effluent Characterization Study on the discharge from the new system, PSE&G is requesting that the Department expedite the technical review of this project to allow timely installation and operation of this system.

If you have any questions, or require additional information, please feel free to contact Pat McCabe at (609) 339-1245.

Sincerely,

F. X. Thomson, Jr.
