MEETING SUMMARY

LICENSEE: Exelon Generation Company, LLC
FACILITY: Oyster Creek Nuclear Generating Station
SUBJECT: Annual Assessment Meeting Summary

On April 10, 2018, from 6:00 p.m. to 8:00 p.m., the U. S. Nuclear Regulatory Commission (NRC) conducted a public open house at the Holiday Inn Manahawkin in Manahawkin, New Jersey. The NRC conducted the open house to discuss its assessment of the safety performance at Oyster Creek Nuclear Generating Station, for 2017.

A notice of the open house was issued on March 23, 2018, and was posted on the NRC's external (public) Website. The meeting notice can be found in the NRC's Agencywide Documents Access and Management System (ADAMS) with Accession No. ML18085A019. ADAMS is accessible from the NRC's Website at <http://www.nrc.gov/reading-rm/adams.html>.

The NRC displayed poster boards and was available to discuss its assessment of the safety performance of the Oyster Creek Nuclear Generating Station for the period of January 1 through December 31, 2017, as documented in our Annual Assessment Letter dated February 28, 2018 (ADAMS Accession No. ML18058A069). The NRC poster boards included background information on the Reactor Oversight Process (ROP) and plant-specific performance. Additional information relative to the NRC's Annual Assessment Process and the safety performance of Oyster Creek Nuclear Generating Station can be found on the NRC's website at <https://www.nrc.gov/reactors/operating/oversight.html>.

Members of the public attended the open house and were offered the opportunity to question the NRC regarding Oyster Creek's performance and the role of the agency in ensuring safe plant operations.
