Senior Vice President - Nuclear Operations

December 18, 1995

NEP 95-144

Mr. R. Keimeg, Chief
Emergency Preparedness Section
United States Nuclear Regulatory Commission
Region I
475 Allendale Road
King of Prussia, PA 19406

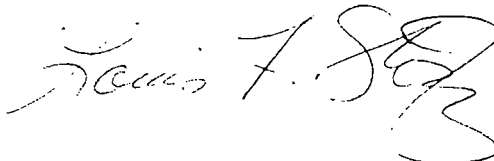

Dear Mr. Keimeg:

**EMERGENCY PLAN EXERCISE SCOPE AND OBJECTIVES
SALEM AND HOPE CREEK GENERATING STATIONS
DOCKET NOS. 50-272, 50-311, 50-354**

In accordance with Inspection Procedure 82302, "Review of Exercise Objectives and Scenarios for Power Reactors", the Draft Scope and Objectives for the March 27, 1996, Emergency Plan Exercise are submitted for your review. The objectives reflect our plans for the 1996 Graded Exercise to be conducted at Hope Creek Generating Station.

If you have any questions or require additional information, please contact Craig Banner at 609-339-1157. Your cooperation is greatly appreciated.

Sincerely,

Enclosure
