Hi Gibb, thanks for the response. I can either have this reviewed once you receive approval for the one outstanding comment; or we can review the others at this time, however you will still need to send another submission once that outstanding reg is approved. So do you want me to wait and do it all at one time, or go ahead and just do the existing regulations? Let me know.

Thanks,
Michelle

Marcia,

I wanted to clear up these interrogatories on our last rule packet (ATTACHMENT). 5 of the 6 comments were covered under previously existing regulations. The remaining comment is pending approval.
