Gentlemen:

This Licensee Event Report (LER) entitled "Inadequate Technical Specification Testing - Main Steam Isolation Valve Hydraulic Unit Override Contacts" was originally submitted on December 24, 1997 as LER 311/97-016. Since the number 311/97-016 had already been assigned to a Salem Special Report issued on the LER form, LER 311/97-016 is being re-submitted with the next sequential Salem LER number, which is 311/97-018.

Should you have any questions regarding this submittal, please contact E. H. Villar at (609) 339 -5456.

Sincerely,

D. R. Powell
