DISCUSSION: In the letter dated January 8, 2018, the HOCC requested that Bette Blankenship be added as the Radiation Safety Officer (RSO) and an Authorized Medical Physicist (AMP). Concurrently a request was received from Hartford Hospital to add Bette Blankenship as the RSO on their license. On March, 26, 2018 B. Blankenship was added to the Hartford Hospital license as the RSO. She will be added to the HOCC license as RSO based on the following licenses:

1. RSO on Hartford Hospital; 06-00253-04 issued 3/26/18
2. RSO on UC Irvine Health, dba Newport Imaging; 7741-30 issued 5/16/17
3. RSO on IHS Radiology Medical Group; 0389-37 issued 8/3/15
4. Alternate RSO on Sharp Memorial; 0687-37 issued 3/3/99

B. Blankenship was listed as an AMP on the Sharp Chula Vista license (2379-37) issued 10/19/16 for the use of a Varian VariSource iX HDR. She received device specific training for the Nucletron HDR at HOCC on March 6, 2018. Based on the above information, B. Blankenship will be added as an AMP on the HOCC license.
