**Subject:** [External\_Sender] Possible V.C. Summer Construction References

Good morning,

A possible bias-neutral resource might be the US NRC people who were assigned to inspect and regulate Unit 2 and Unit 3. These people were found, or at least offered, other NRC assignments. The number involved here is about 32.

Thank you,

Tom Gurdziel

The NRC people assigned to Unit 1 might also have some valuable observations related to the construction effort.
