Re: Returning Tritium Exit Signs to Manufacturer

To Whom It May Concern:

This letter is to inform your office that our Lumberton Cellulose facility located at 1000 Noir Street, Lumberton, NC is returning (6) Exit Signs containing Tritium to vendor SRB Technologies located in Winston-Salem, NC for disposal.

As required, a list of these exit signs and serial numbers is attached for your review. Also, I'm sending a copy of this notification to the agency indicated below.

If you should have any questions, regarding this information, please contact myself at 910-737-3231 or Grant Oxendine, EHS Manager at 910-737-3283.

Sincerely,

Chuck Oxendine
General Manager
