Virginia Electric and Power Company  
Attn: Mr. W. L. Proffitt  
Senior Vice President, Power Operations  
Post Office Box 26666  
Richmond, Virginia 23261

Gentlemen:

This refers to the inspection conducted by Mr. S. C. Ewald of this office on January 18, 1979 of activities authorized by NRC License No. DPR-37 for the Surry facility, Unit 2, and to the discussion of our findings held with Mr. R. M. Smith at the conclusion of the inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspectors.

Within the scope of this inspection, no items of noncompliance were disclosed.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.
