Subject: RE: RE: Request for Additional Information, Change of Control, M&G Polymers USA, LLC - 602415

Mr. Sturgeon,

I have reviewed your information in regards to the transfer-of-control of M&G Polymers USA, Inc's material license to APG Polytech LLC. The answers you provide for items 5, 6, 7, and 8 is insufficient, please clarify the following to each of the questions:

5. Since M&G Polymers USA, Inc. is not required to have a decommissioning funding plan, this should be answered as "Not Applicable".
6. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to the NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.
7. Confirm that both the transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions.
8. Confirm that the transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.

Your reply must be an originally signed and dated letter. The letter may be scanned and submitted as a pdf document attached to an email; or it may be transmitted by facsimile to (610) 337-5269; or it may be sent by regular mail. If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue your amendment request.
