Gentlemen:

Thank you for your letter of April 20, 1979, informing us of steps you have taken to correct the items of noncompliance concerning activities under NRC License Nos. DPR-32 and DPR-37 brought to your attention in our letter of March 28, 1979.

As discussed with Mr. Stewart on May 7, 1979, your response to Item E of the Notice of Violation, enclosed by our March 28 letter, is not considered adequate in that it does not address subsequently identified problems with regard to labeling bags of contaminated waste and contaminated materials. Based on the information provided by Mr. Stewart on May 7, we expect to receive a supplemental response describing additional steps to be taken to correct noncompliance Item E. We will examine your corrective actions with respect to the other items of noncompliance during subsequent inspections.

We appreciate your cooperation with us.

Sincerely,

*Jack T. Sutherland*
