April 19, 2018

Mr. Tomas Herrera,
Materials Safety Licensing Branch
Division of Material Safety, State, Tribal, and
Rulemaking Programs
Office of Nuclear Materials Safety and Safeguards
U. S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Mr. Herrera,

Please accept this letter as a request to amend mb microtec's SSD #NR-0446-D-103.

mb microtec is rebranding its GTLS's (gaseous tritium light sources) from mb microtec to trivalight®. While mb microtec ag will continue to be the manufacturer and manufacture the GTLS's in the same location in Neiderwangen, Switzerland, we would like to request an amendment to the aforementioned SSD, to remove "mb-microtec" from the watch backs and replace the text with "trivalight®".

trivalight® is an officially registered trademark of mb microtec in the US. Documentation of this trademark and other trademarks is included with this request.

Examples of watch backs with the new engraving are included with this request.

For clarification:

The dial face will continue to be marked with "T" (for tritium) as recommended in "Radiation Protection Standards for Gaseous Tritium Light Devices" Section 7 - Marking and Labeling (Nuclear energy Agency, OECD, 1973).

The bottom (watch back) will continue to be marked with "H3."

"traser®" is the brand of watch manufactured by mb microtec.

"trivalight®" is the brand of GTLS manufactured by mb microtec.

is also a registered trademark of mb microtec.

Should you have any questions regarding this request, please contact me at tbrandon@diligistics.com or at (207) 370-6485.

Sincerely,

A handwritten signature in black ink, appearing to read 'Timothy Brandon', with a long horizontal flourish extending to the right.

Timothy Brandon
RSO mb microtec

CERTIFICATE OF REGISTRATION PRINCIPAL REGISTER

The Mark shown in this certificate has been registered in the United States Patent and Trademark Office to the named registrant.

The records of the United States Patent and Trademark Office show that an application for registration of the Mark shown in this Certificate was filed in the Office; that the application was examined and determined to be in compliance with the requirements of the law and with the regulations prescribed by the Director of the United States Patent and Trademark Office; and that the Applicant is entitled to registration of the Mark under the Trademark Act of 1946, as Amended.

A copy of the Mark and pertinent data from the application are part of this certificate.

To avoid CANCELLATION of the registration, the owner of the registration must submit a declaration of continued use or excusable non-use between the fifth and sixth years after the registration date. (See next page for more information.) Assuming such a declaration is properly filed, the registration will remain in force for ten (10) years, unless terminated by an order of the Commissioner for Trademarks or a federal court. (See next page for information on maintenance requirements for successive ten-year periods.)
