Jessie,

Thank you for the opportunity to provide comments on the Draft EA for the CFFF. In communicating with staff, the Department's comments are represented by the March 22 letter to you from Addie Walker. Please contact us with any questions.

Thanks,
Susan

Subject: [WARNING: MESSAGE ENCRYPTED]REQUEST (Email 1 of 2): SCDHEC Review and Comment on NRC's Draft Environmental Assessment re: Westinghouse Columbia Fuel Fab Facility in Richland, SC

Susan,
Attached is the U.S. Nuclear Regulatory Commission's (NRC) Draft Environmental Assessment (EA) related to the Columbia Fuel Fabrication Facility (CFFF) in Richland County. The Draft EA evaluates the environmental impacts of an additional 40 years of CFFF operation – as requested by Westinghouse. I was in contact with Chris, Bryon, and Addie during the preparation of the Draft EA so I've copied them on this email.

I would like to request SCDHEC's review and comment by **April 27, 2018**. SCDHEC's comments will be addressed in the Final EA. The Final EA and Finding of No Significant Impact (FONSI) will be noticed in the *Federal Register*.

I will send a separate email with the password to open the file.

If you or your staff have any questions or concerns, please don't hesitate to contact me.

Thanks,
Jessie
