RE: Request for approval of prorated fee
Docket # 03037570
License # 04-23948-01E

Dear Ms. Wylie,

On November 10, 2017, Sony Electronics Inc requested that our renewal application for the above radioactive material license be withdrawn (copy enclosed). We no longer sold the product for which we held the license and wanted to just let the license expire on November 30, 2017. We were not aware of the need to formally request the termination of the license or the need to pay the license fee on a prorated basis until the termination occurred, as required under 10 CFR Part 171, Subpart 17(b)(2).

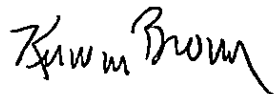

A formal request to terminate the license, as of the expiration date, was submitted today to the Office of Nuclear Materials Safety and Safeguards; Division of Industrial and Medical Nuclear Safety. A copy is enclosed.

I am writing to you to request a prorated materials license fee for the period October 1, 2017 to November 30, 2017.

Thank you in advance for any assistance you can provide.

Sincerely,

Sony Electronics Inc
