SUBJECT

NRC License No. 13-32670-01 Renewal - Additional Information Requested

SUMMARY

This refers to your license renewal request, and the phone conversation between Chris Sarvanidis and Laura Cender that occurred on February 7, 2018.

During our review of your license renewal application it was determined that additional information is still required in order to complete the licensing action. Please see the attached Page 2 for all issues discussed that require a response.

ACTION REQUIRED (IF ANY)

Please submit your response by February 28, 2018, and reference it to my attention as "additional information to control number 601550" to facilitate proper handling in our office. Your response must be currently dated and signed by either the RSO, or a senior management representative. If you have any questions or require clarification regarding any information discussed please do not hesitate to contact me at 630-829-9712.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

CONVERSATION RECORD (continued)

SUMMARY: (Continued from page 1)

1. You provided a response to the original request to provide additional information with a letter dated December 8, 2017. This letter was not signed, please provide an additional copy of page two of the letter with a signature.
2. The Delegation of Authority letter provided does not include the level of detail that we require regarding your responsibilities. Please use the attached Model Delegation of Authority memo for your response.
3. Lastly, there are devices listed on the current license that were not included in the table provided on December 12, 2017. In order to remove these devices from your license please provide a statement (1-2 sentences is fine) confirming that the devices listed have not been possessed under the license. If any of the devices listed below have been possessed and used please provide a copy of the most recent leak test for the device as well as a copy of records showing that the devices have been disposed of.
 - a. Twin Cities Model No. DD700 Beta Scope
 - b. Berthold Systems LB300 IRL ML Type II Series
 - c. Berthold Systems Model LB300 ML
 - d. Any Kay-Ray devices containing Am-241 or Cs-137
 - e. Any Ohmart devices containing Am-241
 - f. Any Berthold Systems devices containing Am-241
 - g. Any Ronan Engineering devices containing Am-241
 - h. Any Accuray devices containing Cs-137
 - i. Any Data Measurement Corp. devices containing Cs-137

As the information requested is not security related please feel free to submit it to me via email. I can be reached at 630-829-9712 if you have any questions.
