**PART I.D -- COMMENTS**

After careful review of your FOIA request, the U.S. Nuclear Regulatory Commission (NRC) has concluded that the Nuclear Materials Management and Safeguards System (NMMSS) is the U.S. Government's official program to track movement, uses, and inventories of U.S. nuclear materials, and it would most likely have the records that you are seeking. As NMMSS is co-sponsored by NRC and DOE, but managed by DOE/NNSA's Office of Nuclear Materials Integration (OMNI), we have discussed your request with NNSA staff, who have agreed that your request should be handled by them. Therefore, we have administratively closed your request with us, and referred your request to NNSA for a direct response to you.
