Dear Mr. Mosley:

I am responding to your letter dated April 5, 2018, which requested that the U.S. Nuclear Regulatory Commission (NRC) re-approve Truck Route No. 217, which expires on July 31, 2018. Route 217 is used for transporting spent nuclear fuel from the Massachusetts Institute of Technology, Cambridge, Massachusetts to the Savannah River Site, Aiken, South Carolina.

The NRC has reviewed your application and concluded that the information you provided dated April 5, 2018, with supplemental information dated April 27, 2018, satisfies the requirements of Title 10 of the *Code of Federal Regulations* section 73.37. This letter constitutes approval. The approved route is now designated as Truck Route No. 217A, and will expire May 31, 2023. The NRC expects your periodic review and update of the emergency telephone numbers associated with this route. Changes to emergency contact numbers do not qualify as a route deviation or change.

If you have questions on this route approval or require additional information please contact Mr. Alex Sapountzis at (301) 287-3660, or via e-mail at Alexander.Sapountzis@nrc.gov.

Sincerely,

/RA/
