Dear Mr. Gantt:

On behalf of your friends and colleagues at the U.S. Nuclear Regulatory Commission (NRC), and, in particular, the Office of Nuclear Material Safety and Safeguards and Region I, we wish you the very best in your retirement. I want to personally recognize your 33 years of faithful and exceptional public service provided to the State of South Carolina, the Organization of Agreement States (OAS), the Conference of Radiation Control Program Directors, Inc. (CRCPD), and the NRC. Over the years, you have participated in numerous Management Review Boards for Integrated Materials Performance Evaluation Program reviews of Agreement State programs as the OAS liaison. More recently, you have served as the treasurer of the CRCPD as well as a board member of the South Carolina Radiation Quality Standards Association. Your tireless efforts and technical expertise have significantly enhanced Federal and State relations. The nation has benefitted from your continued excellence in fostering a positive working relationship among the NRC, OAS, CRCPD, and related organizations.

In your 33 years with the State of South Carolina, and in particular your 12 years as the Radiation Control Program Director, you have significantly strengthened the States' relationship with the NRC. We are truly grateful for your many contributions and your efforts to help ensure consistent high standards of quality in radiation protection programs across the nation.

Our best wishes and thoughts are with you and your family for happiness and good fortune throughout your retirement.

Sincerely,

/RA/

Marc L. Dapas, Director
