Subject: Additional Information for request to add stress lab

Discussion: I called Mr. Perna to confirm if material will be stored in the stress area requesting to be added to the license. He stated that the area being requested will only be used for injections and no licensed will be stored in the room. I also asked him to submit a diagram that shows the location of the stress area with respect to the hot lab and other areas where material is used and/or stored and provide the floor and/or room number of the stress area and identify if the area will be considered restricted access. He stated he would forward me an updated diagram.
