Materials Licensing Branch
2443 Warrenville Road, Suite 210
Lisle, IL 60532-4352

Dear Laura,

As per our phone conversation this morning, Tim Fedewa and I have been working together for the last two years and he has basically been performing all the RSO duties (with my oversight) for the last six months in preparation for taking over as RSO. As part of the training we have reviewed the emergency procedures as well as all operating procedures.

Regarding the break-out of materials and equipment, please see the following:

- a. Kay Ray 7062BP, 2 sources not to exceed 5 mCi each
- b. TN Technologies Model 5200, 2 sources not to exceed 10 mCi each
- c. TN Technologies Model 5205, 2 sources not to exceed 10 mCi each
- d. ThermoMeasure 5201, 1 source not to exceed 50 mCi
- e. TN Technologies Model TN5200, 1 source not to exceed 100 mCi

Tim's contact information is:

Timothy J Fedewa, CSP
Pfizer
7000 Portage Rd.
PORT-41-016
Kalamazoo, MI 49001
timothy.j.fedewa@pfizer.com
Cell: 269.598.2180
Office: 269.833.0962

Just to confirm that we do not need to make alternate arrangements for when I leave on May 1, since we requested the change in RSO 30 days in advance.

It was a pleasure speaking with you this morning and we are looking forward to hearing from you in the near future.

Regards

Mary

Mary M. Murphy, CSP, RSO
