Pursuant to the requirements of 10 CFR 50.54(p), Northern States Power Company-Minnesota (NSPM) doing business as Xcel Energy submits, Revision 19 of the Monticello Nuclear Generating Plant Security Plan, Training and Qualification Plan, Safeguards Contingency Plan, and Independent Spent Fuel Storage Installation Security Program (here after referred to as the Security Plan). The changes were effective on April 3, 2018.

A summary of changes is provided in Enclosure 1. The revised Security Plan is provided in Enclosure 2. In accordance with 10 CFR 73.21, the information contained in the Enclosures should be withheld from public disclosure as it is classified as Safeguards Information.

The revision of the plan includes the installation of an Early Warning System and changes to the armed response team at Monticello Nuclear Generating Plant (MNGP).
