Docket No: 030-09293

On or about April 11, 2018, The Charlotte Hungerford Hospital (the "Hospital") sent a letter to the Nuclear Regulatory Commission ("NRC") in response to the NRC's communication to the Hospital on March 13, 2018.

Subsequent to the Hospital's April 11th letter, representatives from the Hospital and its affiliate, Hartford HealthCare Corporation ("HHC"), along with representatives from NRC, participated in an April 24th telephone call to further discuss the Hospital's April 11th letter and the transaction between HHC and the Hospital. Based on that call, the Hospital and HHC would like to provide further clarifications to the Hospital's April 11th response letter as set forth below:

9. Please confirm that both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions.

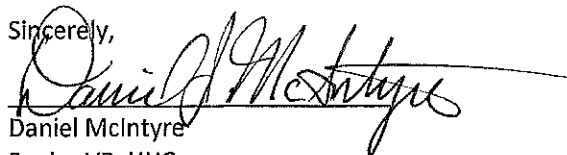

The Hospital and HHC understand that the NRC views the affiliation between the Hospital and HHC as an indirect transfer of control, and therefore agree to the indirect transfer of control of the licensed material and activity, and the conditions of the indirect transfer. The Hospital and HHC would like to further clarify that HHC has been made aware of any NRC open inspection items and HHC's responsibility for possible resulting enforcement actions.

10. Please confirm that the transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.

The Hospital and HHC would like to further clarify that HHC will abide by all NRC constraints, conditions, requirements, representations, and commitments of the Hospital.

The Hospital and HHC appreciate the opportunity to provide the NRC with this notice letter. If you have any questions regarding this letter, please contact John Capobianco, The Charlotte Hungerford Hospital, at (860) 496-6611.
