**SUBJECT: PUBLIC MEETING SUMMARY – LICENSEE PERFORMANCE REVIEW FOR
HONEYWELL METROPOLIS WORKS, DOCKET NUMBER 40-3392**

Dear Mr. Fulks:

On May 3, 2018, the U.S. Nuclear Regulatory Commission (NRC) conducted a Category 1 public meeting with representatives of Honeywell Metropolis Works at the Metropolis Community Center in Metropolis, Illinois. The purpose of the meeting was to discuss the results of the NRC's assessment of Honeywell's safety performance for the review period of January 1, 2016, through December 31, 2017. The meeting notice and agenda, dated April 5, 2018, are available in the NRC's Agencywide Documents Access and Management System (ADAMS) at Accession No. ML18095A022.

The NRC staff provided a presentation of the evaluation of your safety performance (ADAMS Accession No. ML18128A064) as discussed in the March 2, 2018, letter (ADAMS Accession No. ML18064A065). Honeywell staff had the opportunity to respond to NRC's performance review and presented a summary of plant activities for ready-idle operation (See ADAMS Accession No. ML18128A065).

Members of the public were in attendance and had the opportunity to ask questions to the NRC. The NRC received a meeting feedback form. A list of attendees is enclosed with this letter.

In accordance with Title 10 of the Code of Federal Regulations Section 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of ADAMS at <http://www.nrc.gov/reading-rm/adams.html>.

J. Fulks
