**Subject:** RESEND TO INCLUDE DATE: Invitation to ADAMS LSN Library Webinar

Greetings,

Because of your affiliation with a Licensing Support Network Advisory Review Panel (LSNARP) member, a prior participant in LSNARP activities, or a Yucca Mountain adjudication participant, you are invited to a webinar on searching the NRC's Agencywide Documents Access and Management System (ADAMS) Licensing Support Network (LSN) Library. As you may know, the ADAMS LSN Library contains the total collection of documents that Yucca Mountain adjudication participants submitted to the Office of the Secretary (SECY) in response to an April 11, 2011 order issued by Construction Authorization Board-04. These documents were loaded into ADAMS in response to the Commission's direction in CLI-13-08, which at the same time deferred a decision on reconstituting the LSN. The ADAMS LSN Library provides read-only access to 3,692,306 headers/documents. The use of the ADAMS LSN Library likely will be a basis for one or more options that may be presented for Commission consideration in reconstituting the LSN's functionality if the Yucca Mountain adjudication is restarted.

The webinar will be delivered using a web-based tool called GoToWebinar on **Wednesday, November 8, 2017, from 1:00 p.m. to 3:00 p.m. Eastern Time**, and is intended to familiarize invitees with the functionality of the ADAMS LSN Library before the LSNARP meeting so as to provide a baseline level of understanding and inform the LSNARP's discussion of options for reinstating the LSN or establishing a successor system. During the webinar, you will be able to ask questions using the GoToWebinar "Questions" feature. While you will be able to hear the presenters through your computer/tablet speakers or telephone, you will not be able to talk to the presenters directly. Instead, the questions will be moderated and inquiries related to ADAMS LSN Library functionality will be answered during the webinar, time permitting, or will be incorporated into a Frequently Asked Questions document subsequent to the webinar. Questions that are unrelated to ADAMS LSN Library functionality are outside the scope of this webinar and will not be answered.

To register for this webinar, please use the following link <https://attendee.gotowebinar.com/register/5347487282602511363>. Once you have registered for the webinar, you will receive a confirmation e-mail that will contain the link to be used on the day of the webinar. This link is unique to each individual and should not be shared with others.

If for some reason you are unable to attend this training session, one or more additional webinars will be held for interested members of the public. Please contact us at [LSNARP@nrc.gov](mailto:LSNARP@nrc.gov) if you are interested in attending a future webinar and we will contact you with registration instructions when another webinar has been scheduled.

If you have any questions regarding the use of GoToWebinar, please visit the GoToWebinar Customer Support page at <https://support.logmeininc.com/gotowebinar>. It is also recommended that you run a system check (available on the GoToWebinar Customer Support page) prior to the ADAMS LSN Library webinar.

Thank you,

-Margie Janney  
Acting LSN Administrator
