**Subject:** Invitation to Webinar on Searching NRC's ADAMS LSN Library

Greetings,

Because you previously expressed interest in Licensing Support Network Advisory Review Panel-related activities, you are invited to a webinar on searching the NRC's Agencywide Documents Access and Management System (ADAMS) Licensing Support Network (LSN) Library. As you may know, the ADAMS LSN Library contains the total collection of documents that Yucca Mountain adjudication participants submitted to the Office of the Secretary (SECY) in response to an April 11, 2011 order issued by Construction Authorization Board-04. The ADAMS LSN Library provides read-only access to 3,692,306 headers/documents.

The webinar will be delivered using a web-based tool called GoToWebinar on **Wednesday, December 6, 2017, from 1:00 p.m. to 3:00 p.m. Eastern Time**, and is intended to familiarize invitees with the functionality of the ADAMS LSN Library. During the webinar, you will be able to ask written questions using the GoToWebinar "Questions" feature. While you will be able to hear the presenters through your computer/tablet speakers or telephone, you will not be able to talk to the presenters directly. Instead, the written questions will be moderated and inquiries related to ADAMS LSN Library functionality will be answered during the webinar, time permitting, or will be incorporated into the Frequently Asked Questions document available on the ADAMS LSN Library web site at <https://www.nrc.gov/reading-rm/lisn/faq-categorized.pdf>. Questions that are unrelated to ADAMS LSN Library functionality are outside the scope of this webinar and will not be answered.

To register for this webinar, please use the following link <https://adamspublic.nrc.gov/navigator/>, which will take you to the appropriate segment of the ADAMS LSN Library homepage. Once you have registered for the webinar, you will receive a confirmation e-mail that will contain the link to be used on the day of the webinar. Note also that this webinar is open to any interested member of the public, so please feel free to forward the link above to other individuals who might be interested in this presentation.

If you have any questions regarding the use of GoToWebinar, please visit the GoToWebinar Customer Support page at <https://support.logmeininc.com/gotowebinar>. It is also recommended that you run a system check (available on the GoToWebinar Customer Support page) prior to the ADAMS LSN Library webinar.

Thank you,

-Margie Janney  
Acting LSN Administrator
