Subject: Submittal for Approval – Revision 4 to the Orano Federal Services Quality Assurance Program Description (Reference NRC Form 311 / Approval No. 0938)

To Whom It May Concern:

Based on the requirements of 10 CFR Part 71, Orano Federal Services LLC (formally AREVA Federal Services LLC) submits for U.S. Nuclear Regulatory Commission (NRC) approval Revision 4 to its Quality Assurance Program Description (QAPD).

Orano Federal Services has reviewed 10 CFR 71.106 and determined that some of the changes incorporated with Revision 4 to the QAPD could be reductions in commitment to the program as previously approved by the NRC under Revision 4 to Quality Assurance Program Approval No. 0938. However, we have also concluded that these changes do not impact regulatory compliance and the QAPD continues to satisfy the provisions of 10 CFR Part 71, Subpart H.

A detailed listing of the changes incorporated by Revision 4 is provided in the "Description of Change" summary table included as part of the enclosed signed copy of the QAPD. Each change incorporated was screened against the criteria provided in 10 CFR 71.106 to determine if prior NRC approval was required. The results of this screening are also noted in the summary table.

Of note with this submittal, the company has changed its legal name from AREVA Federal Services LLC to Orano Federal Services LLC. This name change was made effective February 16, 2018 and aligns the company with the name of our corporate parent; Orano USA LLC (formally AREVA Nuclear Materials LLC).

NM5520  
0004

If you have any questions or require any additional information regarding this submittal for approval, please contact me directly by email at "chris.lloyd@orano.group" or by phone at (410) 910-6870.

Sincerely,

A handwritten signature in black ink that reads "Chris Lloyd".

Chris Lloyd  
Senior Manager, ESH&Q  
Orano Federal Services
