RE: Docket ID NRC-2018-0052 Holtec International's HI-STORE Consolidated Interim Storage Facility Project for Spent Nuclear Fuel in Lea County, New Mexico

Dear NRC Representative: WE DO NOT CONSENT!

The Holtec Proposal to store nuclear waste in Lea County New Mexico should be rejected for the reason that it is not a permanent repository. To move waste to a central location and store it at surface level temporarily is not an adequate solution to a continuing problem. Nuclear waste will continue to be produced and will have no place for disposal if this plan is approved.

Respectfully,  
Gene Harbaugh
