RE: Docket ID NRC-2018-0052 Holtec International's HI-STORE Consolidated Interim  
Storage Facility Project for Spent Nuclear Fuel in Lea County, New Mexico

Dear NRC Representative: WE DO NOT CONSENT!

*New Mexico is the largest Karst terrain  
in this hemisphere of the world. Therefore,  
it is criminal to place nuclear waste here  
which is going against science + nature. It is  
outright genocide. It is the greatest crime  
to humanity + all life on the planet. Either  
we stop nuclear technology now or this  
technology will destroy all life on this  
planet. Do not bring nuclear fuel rods  
to New Mexico!*
