NOTIFICATION OF ACTION COMPLETION FOR CONFIRMATORY ORDER
EA-17-077 – ITEM C.1

On November 21, 2017, the Nuclear Regulatory Commission (NRC) issued Confirmatory Order EA-17-077 to Dominion Energy Nuclear Connecticut, Inc. (DENC). Section V of the Confirmatory Order requires DENC to complete Item C.1 within 180 days of issuance of the Confirmatory Order, and to notify the NRC in writing within 30 days of completion. On April 9, 2018, DENC completed an evaluation of its oversight of the security contract organization. The evaluation reviewed reporting relationships, Licensee and contractor responsibilities for individual performance management, and the means in place to verify that regulatory requirements are being met. Results of the evaluation were captured in a Station Performance Improvement Report (PIR). The PIR identified recommended enhancements, which are being reviewed for implementation. As specified in Item C.1, the evaluation results are available to the NRC for review during an inspection.
