Dear Mr. Bement:

This refers to an investigation conducted by the U.S. Nuclear Regulatory Commission's (NRC's) Office of Investigations regarding activities at the Palo Verde Nuclear Generating Station. The Office of Investigations initiated the investigation to determine whether a limited senior reactor operator at Arizona Public Service Company's Palo Verde Nuclear Generating Station, Wintersburg, Arizona, willfully failed to disclose a medical condition.

Based on the evidence developed during the investigation, the concern that a limited senior reactor operator at the Palo Verde Nuclear Generating Station willfully failed to disclose a medical condition was not substantiated. The NRC plans no further action related to the alleged wrongdoing and considers this investigation closed.
