Subject: New License Application - Request For Additional Information

Discussion: I informed Mr. Chaudhary that the license application dated April 4, 2018, was missing information such as number of types and number of gauges requested, and commitments such as dosimetry, O&E procedures, facility diagram, etc.. I informed him that it would be easier to ensure that he submits all of the required information if he used the Appendix B Checklist in NUREG 1556, Vol. 1, Rev. 2. Mr. Chaudhary agreed to complete the Appendix B checklist and submit it to NRC. He also stated that he would be ready for a pre-licensing visit the week of May 14, 2018. I also discussed 10 CFR 30.34i security controls with him.

Action Required: 1) Mr. Chaudhary will complete a NUREG 1556, Vol. 1, Rev. 2 checklist and submit it to NRC; 2) I will attempt to schedule a pre-licensing visit.
