BV-1 Docket No. 50-334, License No. DPR-66
BV-2 Docket No. 50-412, License No. NPF-73
Response to NRC Regulatory Issue Summary 2018-02
Preparation and Scheduling of Operator Licensing Examinations

The purpose of this letter is to provide the NRC with a response to NRC Regulatory Issue Summary (RIS) 2018-02 for Beaver Valley Power Station Unit No. 1 and Unit No. 2. The RIS requested licensees to voluntarily submit a response using NRC Form 536 to provide data for scheduling and preparation of operator licensing examinations.

Please note that the projected need for licensed operator licensing examination schedules beyond the year 2021, as reflected on attached NRC Form 536, has been provided as a contingency should economic conditions change in the future to support viable plant operation beyond 2021.

Attached is the completed NRC Form 536, which addresses our proposed operator licensing examination schedule for calendar years 2020 through 2023.

There are no regulatory commitments contained in this letter. If there are any questions or if additional information is required, please contact Mr. Brian D. Kremer, Manager, Regulatory Compliance at 724-682-4284.

Sincerely,

Richard D. Bologna
Site Vice President

**OPERATOR LICENSING
EXAMINATION DATA**

Estimated burden per response to comply with this voluntary information collection request: 1 hour. This information collection is used to plan budgets and resources for operator examinations. Send comments regarding burden estimate to the Information Services Branch (T-2 F43), U.S. Nuclear Regulatory Commission, Washington, DC20555-0001, or by e-mail to Infocollects.Resource@nrc.gov, and to the Desk Officer, Office of Information and Regulatory Affairs, NEOF-10202, (3150-0131), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.

FACILITY

Beaver Valley Power Station Unit 1 (BVPS-1) and Unit 2 (BVPS-2)
Information provided for year 2021 is for BVPS-1 and 2022 is for BVPS-2
