LTR-NRC-18-26, Rev. 1

May 18, 2018

Subject: Transmittal of Topical Report Submittals Forecast for CY2018, CY2019, and CY2020
(Proprietary)

This letter provides updates to the topical reports forecasted for submittal in LTR-NRC-17-62. The updates in Revision 1 are limited to, 1) editorial changes to the template of the cover letter, and 2) a new letter number for the Application for Withholding Proprietary Information from Public Disclosure (Enclosure 1) that corresponds to the latest revision of this letter. The Attachments in Enclosure 1 were not impacted by the revision.

The list in the Proprietary Attachment represents our current forecast of topical report submittals requesting review and approval for CY2018 through CY2020. It is possible that some reports may not be funded and that additional reports may be submitted during this period. Therefore, there are no commitments provided in this letter.

The topical reports being submitted through the Pressurized Water Reactor Owners Group (PWROG) are not included in this list; that information is communicated separately from the PWROG.

This submittal contains proprietary information of Westinghouse Electric Company LLC ("Westinghouse"). In conformance with the requirements of 10 CFR Section 2.390, as amended, of the Nuclear Regulatory Commission's ("Commission's") regulations, we are enclosing with this submittal an Application for Withholding Proprietary Information from Public Disclosure. The Affidavit sets forth the basis on which the information identified as proprietary may be withheld from public disclosure by the Commission.

The subject document was prepared and classified as Westinghouse Proprietary Class 2. Westinghouse requests that the document be considered proprietary in its entirety. As such, a non-proprietary version will not be issued.

Correspondence with respect to the proprietary aspects of the Application for Withholding or the Westinghouse Affidavit should reference AW-18-4747, and should be addressed to James A. Gresham, Consulting Engineer, Licensing & Regulatory Affairs, Westinghouse Electric Company, 1000 Westinghouse Drive, Building 2 Suite 259, Cranberry Township, Pennsylvania 16066.

A handwritten signature in black ink, appearing to read 'Edmond J. Mercier'.

Edmond J. Mercier, Manager
Fuel Licensing & Regulatory Support
