Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
Attention: Mr. Stephen A. Varga, Chief
Operating Reactors Branch No. 1
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Serial No. 329A
PSE&C/JEW
Docket No. 50-280
50-281
License No. DPR-32
DPR-37

Dear Mr. Denton:

RESPONSE TO SAFETY EVALUATION REPORT
FOR ENVIRONMENTAL QUALIFICATION OF SAFETY RELATED ELECTRICAL EQUIPMENT
I. E. BULLETIN 79-01B 90-DAY REVIEW
SURRY POWER STATION UNITS 1 AND 2

As specified in Veeco letter serial number 329, dated August 24, 1981, enclosed are the System Component Evaluation Work Sheets, Section 6 of Revision 4 to the I. E. Bulletin 79-01B 90-Day Review for Surry Power Station Units 1 and 2. Also enclosed are errata sheets for Section 5, Master List and Section 7, Conclusions, and an addenda for Section 1, Introduction. In addition, errata sheets for Table 3 (Appendix B) of the Surry Power Station Units 1 and 2 Response to Safety Evaluation Report by Office of Nuclear Reactor Regulation are included.

Very truly yours,

R. H. Leasburg
