Gentlemen:

SUBJECT: REPORT NOS. 50-280/~~85-02~~ AND 50-281/85-02

Our letter dated April 30, 1985, in response to your letter of April 3, 1985, stated that the violation enclosed with Inspection Report No. 50-280/85-02 and 50-281/85-02, regarding the qualifications of the Supervisor of Health Physics, was under review and that our final decision would be issued at a later date.

Based on a discussion between you and J. A. Olshinski, Deputy Regional Administrator, held in the Region II office on July 18, 1985, it is our understanding that you will submit a supplemental response to the violation, prior to August 12, 1985, specifying corrective actions you have taken or plan to take. We will withhold our final decision on this issue pending review of the additional information to be provided.

We appreciate your cooperation in this matter.

Sincerely,

Roger D. Walker, Director
Division of Reactor Projects
